# IE expo China 2024 at a glance

## IE expo China — leading the ecological transition in Asia

IE expo China offers an effective business and networking platform for Chinese and international professionals in the environmental sector. IE expo China has kept the key role for environmental technology and industrial innovation in Asia for over 24 years. In 2023, it attracted 2,407 exhibitors from 24 countries and regions. On an exhibition area of 196,000 sqm more than 91,007 buyers from 68 countries participated. Thus, IE expo China is the core platform for all stakeholders to push the industry's high-quality development.

IE expo China 2024 is where innovation and progress meet. With 2,500+ exhibitors and 100,000+ industry visitors, it's a must-attend event. Witness the latest technological advancements and learn from the brightest minds in the field. Join us at the Shanghai New International Expo Centre from April 18-20 to shape the future.

### Key figures of IE expo China 2024 (expected data)

 **200,000m<sup>2</sup>**  
of exhibition space

 **2500 +**  
exhibitors

 **100,000 +**  
trade visitors

 **40 +**  
conferences

### Key reasons to attend IE expo China

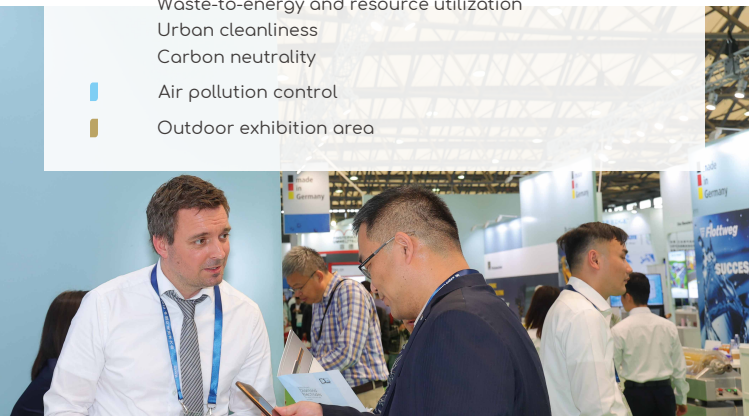

- 1 Coverage of the entire value chain of environmental technology solutions
- 2 Networking with the key industry players in the environmental technology sector
- 3 Extensive supporting program including workshops, panel discussion and live demonstrations with networking opportunities and knowledge transfer
- 4 Organizer with many years of experience: 24 years in China and 50 years with parent show IFAT in Munich

# Hall plan of IE expo China 2024

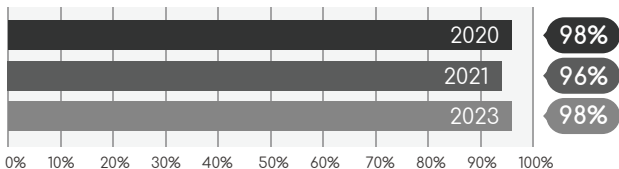

## Range of exhibits

- Comprehensive environmental solutions
  - National and regional pavilions
  - CECC pavilion, Shanghai pavilion
  - Site remediation
- Water and wastewater
  - Water supply and drainage systems
  - Smart water
- Monitoring and detection
  - Process control and instruments
  - Smart eco-protection
- Waste management and recycling
  - Waste-to-energy and resource utilization
  - Urban cleanliness
  - Carbon neutrality
- Air pollution control
- Outdoor exhibition area

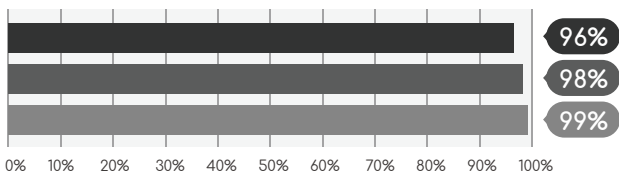

# Visitor satisfaction

Overall assessment as excellent to good

Assessment of IE expo China 2023 in terms of

- Probability of Recommendation
- Visit at IE expo China 2024 again
- Benefit from visiting IE expo China

## Key exhibitors

## International/Regional pavilions

## Inspirational supporting program

The IE expo China Environmental Technology Conference is a key component of IE expo China, established in 2013. Under the meticulous planning of the Chinese Society for Environmental Sciences (CSES), the China Environment Chamber of Commerce (CECC) and other institutions, the conference has been successfully held for ten years. The upcoming Conference in 2024 will feature a core summit and over 40 sub-forums, spanning six major environmental segments: Water, Air Pollution Control, Waste, Site Remediation, Environment Monitoring, and the Comprehensive Sector.

### IE expo China Conferences 2024 — a preview

- 4<sup>th</sup> Environmental monitoring forum (2024)
- Digital empowerment of environmental monitoring for innovative and development 2024

Environmental Monitoring

- China-Europe Solid Waste Management Forum: Optimizing management for circular economy and carbon neutrality
- 'Zero Waste City' construction forum 2024

Solid

- 10<sup>th</sup> Conference on key industry organic waste gas (VOCs) pollution control and monitoring technologies

Air Pollution Control

- Technical University and Business research institute innovation sharing meeting on ecological restoration
